BUSY DAY FOR THE ANTHRACITE STRIKE COMMISSION.

Wednesday Spent in the Panther Valley Viewing Mines, a Breaker and Talking with Men.

INSPECTION TO END TO-DAY

COMMISSIONERS WILL LEAVE FOR THEIR HOMES THIS AFTERNOON.

They Have Visited Seven Collieries and Gone Through Several Brenkers in Six Days.

MAHANOY CITY, Pa., Nov. 5 .- The anthracite strike commission ended its tour of observation of the coal fields in the Panther Creek valley to-day, and the members of the party will return to their homes to-morrow and will meet again at Scranton on Nov. 14 to take the testimony of the miners. The biggest day's work of the entire trip was accomplished to-day, when the commissioners made a complete inspection of two large collieries and a tour of the region lying between Mount Carmel

Six working days have been consumed in traveling from place to place in the anthracite coal region, and the arbitrators feel that they are now qualified to sit in judgment on the controversy between the mine missioners have been lowered into seven mines of varying conditions and have gone through several breakers. They have met the general superintendents, the mine superintendents and the foremen of the vatalked with the grimy coal diggers in the dark gangways and chambers hundreds of have, and also have heard the company's complaint. Besides this, the commissioners have gained a somewhat technical knowledge of mining in its many different features that will be of the greatest assistance to them. They will be able to understand questions and ask questions where they would not have been able to understand them if they had not been underground.

The commissioners' special train left Mt. Carmel at 7:30 a. m. and first visited the Potts colliery in Columbia county, miles from Mt. Carmel. It is owned by the Philadelphia and Reading Coal and Coke Company. The breaker of this coldery is different from those seen by the commissioners at other places. They went all over the building and were much interested in the workmen employed there, among whom were many boys. From the Potts coiliery the train proceeded through Ashland Girardville and Gilberton to the Maple Hill colliery of the Philadelphia and Reading Coal and Iron Company, in the Mahanoy valley, a few miles from Shenantoah. This is one of the best mines in the entire anthracite field, and is equipped with all modern appliances. The bottom of the shaft is 730 feet below the surface. and during their two hours' stay in the workings the commissioners went about mile and a half from the shaft. The blew the noon hour just as the party came to the surface. At the breaker near by the commissioners talked with the boys whose faces were black from coal dust. Judge Gray and Bishop Spalding seemed the most interested in the lads and gave some of them small coin.

From the Maple Hill colliery the comsioners' train was run down through Mehanor City and Tamaqua to the Panther Creek valley. Then the arbitrators visited the No. 8 colliery of the Lehigh Coal and Navigation Company, of Coaldale. entrance to the mines was through a drift which is a horizontal opening into the base of a mountain. About 100 feet aside the entrance the party was lowered y means of a shaft to the bottom, which 8 850 fest down. The mine proved to be guite wet and every one in the party got nore or less of a wetting.

As the members of the commission passed along the gangway on the mine cars drawn y mules they went under worked-out hutes from which water flowed in streams. While going under one chute the mules topped and the water fell into one of the cars, thoroughly soaking all its occupants. It was an uncomfortable position to be in, and the commissioners in the other cars took it as a good joke on their colleagues who were directly under the chute.

The party went to the end of two long gangways about a half mile in length and up into a very steep chute, where they nd miners at work. In order to get into the chut; the commissioners had to climb a ladder and crawl over broken coal through small opening. Their hands and faces were smeared with coal dust when they

After leaving the mine a number of idle mine workers crowded around Chairman Gray, of the commission, and told him that they had been discriminated against by the chner would not take them back for some reason unknown to them and that other nen had been given their positions. On the other hand, the company officials said that they have not enough work at this nine for all the men on account of repair rork now being done in the mine. Judge | ticket will give a good Republican maray listened to them, but made no com-

The commissioners' special cars will be run to Washington by way of Philadelphia, and from the latter city some of the missioners will go to New York. The commissioners held a conference in the parlor of the hotel to-night, at which grangements for the holding of the hearnigs and also the mode of procedure in taking testimony were discussed. It was nnounced that Commissioner Watkins, whose home is in Scranton, has been delerated to make arrangements for the meetng in Scranton. It is likely the hearing will be held in the courthouse there. The tatus of the independent coal companies n the present arbitration proceedings is not quite clear. All of them have been incited to participate in the hearing if they so desire. The Lehigh Coal and Navigation Company, it is understood, have agreed to abide by the decision of the commission as also have several small independent concerns. It is believed that all of them will eccept the arbitators' decision. If they do this the commission is likely to take up the grievances which have arisen at some of dependent collieries since the strike was declared off. The commission has steadfastly refused to visit any collieries where the owners have not agreed to abide

by the award of the commission. LONDON PRESS COMMENT

How Result of Elections in This Coun-

The Daily Telegraph dwells upon the beneficent change which has come over the relations of the United States and Great Britain, with the result that national feelings no longer have any influence in the

In editorial articles the opinion is unanimously expressed that President Roosevelt largely owes his personal triumph to having satisfactorily ended the coal strike; that the future depends on whether the leaders of one party or the other have a definite policy, and that for the outside world the important point is a prospective

Schoonover for secretary of state carries the county over Storms by 400. The Democrats also elected their entire township ticket. Zenor runs ahead of the state ticket. A vote was taken on the proposition to purchase three miles of the Hamburg pike leading to this city, but the result is in doubt. Representative Holliday estimates his plurality in the district at 2,000. In Clay county he has a plurality of eighty. Storms for secretary of state has from eighty to one hundred plurality.

Morgan County.

MARTINSVILLE, Ind., Nov. 5 .- The Republicans of Morgan county are particularly well pleased with the result of their work at the polls yesterday. The entire Republican ticket-State, local and townshipreceived pluralities ranging from 125 to 320, according to unofficial returns up to this hour, and it is thought that these figures will be increased rather than lowered when the canvassing board makes its returns. The head of the State Republican ticket will receive the highest vote-320 to 330 majority. For Congress Holliday's plurality 250 or more, while Presley Smith, for joint senator of Morgan and Marion counties, and Emmett F. Branch, for representative of Morgan county, will each receive in the neighborhood of 250 plurality. The principal fight was made by the Democrats to elect clerk of the Morgan Circuit Court and county auditor. Joseph E. Overton, of Mooresville, was elected by 240 plurality, while Barclay R. Johnson, of this city, defeated John S. Whitaker, the present auditor, by 125. Mr. Whitaker was elected by the Democrats four years ago by 283 plurality.

plete vote of Putnam county cannot be secured until the assembling of the inspectors to-morrow, but partial returns from all parts of the county show a Democratic loss in townships normally heavily Democratic, with a heavy Republican loss in Greencastle township, in which the Democratic candidate for auditor was elected by a little over 100 plurality, a net Republican loss of 150. The Republicans used no money in vote buying, and the heavy change against them in the city precincts is attributed by some to this cause. Wiltermood, candidate for Congress from the Fifth district, received about 650 plurality. Jackson Boyd (Dem.) is elected to the Legislature by about the same vote. choonover carries the county by about 500.

Vigo County. TERRE HAUTE, Ind., Nov. 5 .- With two precincts to be heard from Vigo county is sure to have gone Republican for all except possibly three candidates on the county ticket, Dan Fasig, the Democratic candidate for sheriff, running 700 votes ahead of his ticket. Possibly Wallace (Dem.), for prosecutor, is elected, and also, possibly, Taber (Dem.), for coroner. The Lamb (Tammany) organization is dumfounded by the failure to elect Sawyer judge of the Circuit Over Judge Plety, the incumbent of the bench. Every effort was made to get control of this court at the sacrifice of all other candidates. The Republican pluralities run from 100 to 700.

Hendricks County. DANVILLE, Ind., Nov. 30 .- Thirty precincts out of thirty-one in Hendricks county give Storms 2,979, Schoonover 1,787, a Republican gain of 141 compared with four years ago. The precinct not in is strongly Democratic and will leave the result in this county about 1,120 Republican. Holliday, for Congress, is about fifty votes behind the state ticket, giving him the county by about 1,070.

SIXTH DISTRICT.

Watson Carries His Own County

Handsomely-Results in Rush. RUSHVILLE, Ind., Nov. 5 .- Rush county Republicans elected their entire ticket by safe majorities yesterday. On the state ballot the county is Republican by over 370. Democrats attribute their defeat to stay-at-homes in several strong Democratic precincts. The Republicans also experienced losses where they expected to hold their own. The vote as a whole is lighter than that of two years ago. The Republican pluralities are: Storms. 374; Congress, Watson, 237; senator, Hen-

dee, 235; representative, Sparks, 233, Hancock County.

GREENFIELD, Ind., Nov. 5.-The Demo- 1.925, for Hunt 4,253; Hunt's plurality 2,328; crats of Hancock county elected all their net Republican gain, 393. Complete returns candidates as usual. The campaign was from all precincts of county give Cromer

Vanduyn, prosecutor, 490; W. R. White, recorder, 416; James S. Flippo, treasurer, 465. Harry Strickland, for joint representative, carried the county against W. H. H. Rock by 601. This was a loss of 65 from his plurality of two years ago. The plurality against E. E. Hendee for joint senator for Hancock, Madison and Rush, with two precincts to hear from, is 582, and that against James E. Watson for Congress, without these same precincts is 592. These precincts will probably run the majority against Watson to a very few over 600. The Democratic State ticket carried the county by about 580, which is a loss of about 25 from two years ago. The county candidates are also

elected by smaller majorities. FORTVILLE, Ind., Nov. 5.-The election on Tuesday resulted in the overthrow of the Democrats in Vernon township, which showed a plurality of 80 in their favor two years ago. The entire Republican township ticket was elected by pluralities ranging from 4 to 64. The Republicans also made a gain of more than 40 for the state ticket and Mr. Watson.

Union County. LIBERTY, Ind., Nov. 5 .- Election results in Union county, with one exception, are very satisfactory to Republicans. There was a great deal of scratching and the Democrats took advantage of the desire of Republicans and quite a following of Democrats who desired to elect O'Byrne for judge of the Thirty-seventh judicial district, to trade in their candidate for county clerk, but did not succeed, as the Republican candidate-Smelser-will have a plurality of 21. O'Byrne, for judge, carries the county by 342; Watson, for Congress, by Cravens (Dem.) as state representative 175; Republican plurality on state ticket, from Jefferson county has determined his 200. Fayette County.

CONNERSVILLE, Ind., Nov. 5 .- The latest returns in Fayette county give a Republican plurality of 630 on the head of the state ticket; representative and county ticket of about 400. The counties of Fayette, Franklin and Union, composing the Thirty-seventh judicial district, in 1900, were Democratic by 160. Gray, Democratic candidate for judge of this circuit, is elected by 18 majority, while Barnhart, Republican county ticket. This is the first time the candidate for prosecutor (same district), Republicans have carried a precinct in the county. There are 229 less Democratic Arbuckle, for Congress, by about 500.

Shelby County.

SHELBYVILLE, Ind., Nov. 5.—The forty-Democratic loss of 155 from the vote of two years ago. For Congress. Arbuckle (Dem.) carries the county by about 350. For representative, Poer (Dem.) is elected by only a small plurality. The entire Democratic county ticket is elected by pluralities ranging from 100 to 400. The eleven precincts in Addison township show a heavy Republican loss, but in several of the out townships the Republicans made good gains.

Henry County.

NEW CASTLE, Ind., Nov. 5.-On account of the bad weather very few of the outer precincts reported here to-day and the only information obtainable was by telephone Unofficial reports give the Republicans a plurality of 1,800, a net gain over 1900 of 600. The Prohibition vote runs slightly ahead of that of 1900, the total vote being about 400. The vote in 1900 was 312.

Decatur County.

GREENSBURG, Ind., Nov. 5 .- The Re publicans elect their entire county ticket in Decatur. Total vote gives Storms 2,774; Schoonover, 2,305, a Republican gain of 45; for Congress, Watson (Rep.), 2,749; Arbuckle, 2,316; joint senator, Newhouse (Rep.), 2,725; Ewing (Dem.), 2,288; representative, Sherman (Rep.), 2,575; Ewing (Dem.).

Wayne County. RICHMOND, Ind., Nov. 5 .- Wayne county complete gives Storms 5,258, Schoonover 2.581. The entire Republican county ticket is elected. In this city Judge L. C. Abbott, Democrat, was elected justice of the peace. Detailed figures are not yet available. Watson's plurality will be at least 2,500.

An Erroneous Report.

To the Editor of the Indianapolis Journal: The report printed in an Indianapolis newspaper about the board of the Shirley precinct is without foundation. The board was not bought, as stated. The Republicans show a splendid gain in the precinct.

Cromer's Increased Plurality-Results

in Delaware County. MUNCIE, Ind., Nov. 5.-The complete vote in Delaware county will not be known until to-morrow, when the inspectors meet to make the official count. Hardly threefourths of the sixty-six precincts in the county have been heard from. A conservative estimate based on the present returns gives Storms 7,200, Schoonover 3,200, Storms's plurality, 4,000. For Congress Cromer will have about 6,800, Truesdale 3.500. Cromer's plurality, 3,300. The entire county ticket went through by the largest Republican majority ever given in Delaware county. Leaders of both parties were GREENCASTLE, Ind., Nov. 5.-The com- surprised at the Republican gains made in every precinct. The result is regarded as an indorsement of Representative Cromer's record in Congress. The much-talked-of opposition did not materialize and Mr. Cromer goes back for his third term with a largely increased majority.

The county ticket elected is: Representatives, Oliver Carmichael and J. V. Baird; auditor, J. E. Davis; clerk, R. I. Patterson; treasurer, J. M. Motsenbocker; recorder, G. N. Dungan; sheriff, W. N. Swain; prosecutor. Clarence Dearth: surveyor, Charles Gough; coroner, Dr. U. G. Poland; commissioners, John S. Ellis and Peter Helm.

Madison County.

ANDERSON, Ind., Nov. 5 .- The Republican victory of Tuesday grows with each return from the out townships. The Democrats, till late last night, claimed they would defeat McClure, and probably get another candidate, but to-day's reports have simply dumfounded them. The reports are complete from seventy-seven of the eighty-six precincts in the county. The result follows: Storms (Rep.), 8.141; Schoonover (Dem.), 6.392; for Congress, Cromer (Rep.), 7,771; Truesdale (Dem.), 6,759; joint senator, Hendee (Rep.), 7,951; Mellett (Dem.), 6,387; representative, Jack-ley (Rep.), 7,954; Zerface (Dem.), 6,273; Mathews (Rep.), 7,937; Phipps (Dem.), 6,339; joint representative, Warner (Rep.), 7.966; Cox (Dem.), 6,253; county ticket, Judge Mc-Clure (Rep.), 7,793; Ellis (Dem.), 6,726. The rest of the county ticket is about the same. Not a single one will fall below 100 when the official canvass is complete.

ELWOOD, Ind., Nov. 5 .- Complete returns from Pipecreek township on the state ticket show that Storms (Rep.) carries the township by 431 over Schoonover, the total vote being Storms, 1.903; Schoonover, 1,468. This is about the same as the Republican plurality of two years ago. Four years ago the Democrats carried the township. The count on the county ticket is running about the same, and indicates that the full county and township tickets have carried the county by from 300 to 500 majority.

Wells County.

BLUFFTON, Ind., Nov. 5.-The full vote in Wells county cannot be obtained until the official canvass is made on Thursday. Twenty-five precincts, out of thirty-one, give Schoonover 2,290 and Storms 1,801, a net Republican gain of 434, due, probably to the fact that Democrats failed to get out a complete o ote. For Congress, thirtyone precincts give Truesdale 2,881; Cromer, 2,162, a net Republican gain of 254. Schoonover probably carries the county by 800.

Randolph County.

WINCHESTER, Ind., Nov. 5 .- Complete returns for the thirty-nine precincts of Randolph county give Storms 4.421, Schoonover 1,701; Republican plurality 2,721. In 1898 the total vote cast for Raiston was

unusually quiet and there was a stay-at- for Congress 3,99°. Truesdale 2,011; Cromer's home vote of about 750, divided about pro- plurality 1,985. The total vote cast for Cromer in 1898 was 5,177, Orlando J. Lotz 1,907 Cromer's plurality in 1898 2,270. Analysis of this vote shows that Truesdale made a gain over Lotz of 104, while Cromer lost from his '98 vote 181, making for him a net loss of 285. Up to the present time no tabulated statement can be made of the vote on county offices; but it is certain that the county ticket will fall but little, if any, behind the State ticket, while in some instances the vote for local candidates is more than the vote for secretary of state.

Jay County.

PORTLAND, and., Nov. 5 .- Returns are as yet incomplete on the state ticket. Truesdale (Demi, for Congress, has 2,850 and Cromer (Rep.) 3,019, with three precincts yet to hear from. For representative, Adair (Dem.) ha: 3,010 and Bell (Rep.) 2,945, three precincts to report. The Republicans have elected Roscoe D. Wheat for prosecuting attorney Francis L. Crowe for clerk. Eugene Starbuck for treasurer. Joseph C. Andrew for sheriff, William H. Walker for coroher, Jay Griffith for sur-veyor and Commissioners James Rupel and Alban Strobie. The Democrats have elected John A. M. Adrir for representative, W Lea Smith for auditor and Joseph Wilson for recorder. Landis's Lead in Boone County-Storms Also Successful.

LEBANON, Ind., Nov. 5 .- For the first time in eight years the Republicans of Boone county have elected their ticket. The pluralities range from 50 to 150. S. R. Artman, former specker of the House of Representatives, was elected judge by a majority of 128 over A. J. Shelby, Democrat. The estimated total vote for secretary of state is: Storms 3,536, Schoonover 3,379; for Congress, Landis 3,45, Kirkpatrick 3,430; for Legislature, C. A. Beery (Rep.) 3,480, John A. NOBLESVILLE Ind., Nov. 5 .- Unofficial returns show that Storms carried Hamilton county by 4,644, and C. B. Landis. for Congress, by 880. The scratching on Landis was in rhost of the precincts of the county. The vote of Sheridan was a surprise, as it was generally conceded to be a Landis stronghold. He suffered there more than any other place in the county. All the county tiket was elected by good big majorities. There was a falling off of the vote from that of two years ago of over 1,200 votes. A part of this, probably 200 to 300 votes, can be accounted for by the removal of several factories from Jackson and Adems townships. The rest were stay-at-homes.

Fountain County. COVINGTON, Ied., Nov. 5.-Never in the history of Fountain county has there been such a sweeping victory for the Republicans. They will have the majority of commissioners, having elected two. The only office the Democrats will have will be the sheriff, who was elected by a small majority. There was a fight in this county on what was called the "ring." The majority of the best Democrats worked and voted for Republicans. The Republican pluralities range from 100 to 434. Landis, for Congress, callied the county by 250 and Storms leads Schoonover by 200.

Montgomery County.

CRAWFORDSVILLE, Ind., Nov. 5 .- Complete returns from Montgomery county show that the Republican state ticket was carried by 451, while Landis, for Congress, carried the county by 428. candidates vary, but none of them falls be-

low 1,600. The total vote is considerably

suffered most. Many Democrats, satisfied

with Republican prosperity, also voted the Republican ticket. Returns from all the
